MEMORANDUM FOR THE RECORD:

SUBJECT: HANFF, Konstanty Zygfryd
DPOB: 2 November 1926, Czestochowa, Poland

1. (S) An intensive search of the files and indices of this Directorate reveals no evidence of any contact or association between Subject and this Agency. This search has surfaced several documents concerning Subject and his role as editor of Free Poland, a Polish language newspaper published in the United States.

2. (S) In August 1976 a copy of Free Poland-Special Report Nr 3 was mailed from Stockholm, Sweden, (sender unknown) to individuals and organizations involved in Polish emigre activities in Western Europe and the United States. This Agency believed it was possibly a Polish Intelligence Service (PIS) forgery designed to retaliate against Subject and the "Free Poland" emigre organization. On 4 and 5 October 1976 this Agency sent copies of an English translation of the document to the Federal Bureau of Investigation (FBI) and the Department of State (DOS) requesting their cooperation in assisting this Agency in our analysis of the matter. In September 1976 a repudiation written by Subject concerning Free Poland-Special Report Nr 3 was mailed (sender unknown) from New York, N.Y. On 12 and 13 October 1976 this Agency sent FBI and DOS copies of a translation of the repudiation. On 13 October 1977 the FBI queried this Agency for any information regarding any possible connection of Subject with the PIS. On 28 October 1977 we sent a memorandum to the FBI indicating that we had no derogatory information on Subject.

3. (C) The Department of State, Department of Justice, United States Air Force, and the United States Mission to the International Atomic Energy Agency have information on Subject.
